Monbulk Primary School's Newsletter

3 March 2022

Thank you to our school families!

We are very proud of the programs we offer at Monbulk primary School, including our STEM program.

Here we can see two future STEM engineers programming their robot to knock down the wall of cups. Programs like STEM and Kitchen Garden have special equipment which is funded through parent contributions. Your financial contributions are used to provide special equipment for classes such as STEM and the Kitchen Garden, and also to provide netbooks and iPads in classrooms and subscriptions to online services such as Reading Eggs. Thank you to all of our families who have made their annual contributions to the school so that we are able to provide these enriching experiences to our children and spark their curiosity.

Donations to our Building Fund are tax deductible, and are used to maintain and restore the heritage features of the school. These include the heritage building and bell tower, which will be restored later this year. Thank you to those who have made a contribution to our building fund to help maintain the history of the school.

If you haven't yet paid your Essential Items you are welcome to call the Office, or access through Compass.

Community partnerships

Monbulk PS is very lucky to team up with VCAL students from two Colleges; Monbulk College and Yarra Ranges Tech. Yarra Ranges students will be helping construct our Kitchen Garden.

Last week Monbulk College VCAL students ran Tabloid Sports for Prep-Gr 2 students on Tuesday 22nd March. The VCAL students organised the entire event themselves, and learned a lot about how to organise events, and how to work with little ones. The children has a great time learning new skills and playing games. Monbulk College students will also be helping at our House Athletics Carnival on Tues 8th March.

Kind regards,
Estelle
